Suggested Fair Share Contribution Guide

The chart below is a tool designed to help you determine your annual contribution level. We are individually and collectively responsible for financially supporting our congregation. This is an honor system; only you know your circumstances.

1. Determine your Adjusted Annual Income:

ADD to your income level any unusual income, such as inheritances, business income, anticipated investment income, etc.

SUBTRACT any unusual expenses, such as large medical expenses, care of a parent or adult child, or a large financial expense, etc.

Each of us will have our own unique circumstances to consider in making this calculation.

2. Consider the Four Commitment Levels:

In making your decision, consider your UU values in thinking about your income and your financial commitment to Second Unitarian, as expressed in the four levels below.

Supporter: The congregation is a significant part of my spiritual and intellectual life that I want to support.

Sustainer: The congregation is my central community; I am committed to sustaining the programs and ministries of my congregation.

Visionary: My commitment is a clear demonstration of the unique importance of this congregation and of my spiritual principles.

Transformer: I am deeply committed to the congregation; my contribution provides fuel for transformation and is part of my spiritual practices in living out my UU Principles.
